

Parental Special Educational Needs Q&A

ARCHBISHOP
SENTAMU
ACADEMY

Church of England

Please find our responses to some commonly asked questions about pupils with Special /Additional Educational Needs (S/AEN)

Who are the best people to talk to at our school about my child's difficulties with learning, special educational needs or disability?

Please talk to your child's tutor or class teachers about your concerns initially.

It is likely that the class teacher will have discussed your concerns with Miss Bowes, the school's Special Educational Need Co-ordinator (SENCo). You may wish to arrange a meeting with Miss Bowes or a member of the SEN Team to discuss your concerns further.

Contact details of SEN staff in school:

SENCo - Miss C Bowes
Assistant SENCo - Mrs R Norton
AEN Support - Mrs W Kirby
LAC Co-ordinator - Mrs J Allinson
EAL Co-ordinator - Ms M Verity
Transition Co-ordinator -Miss A Moorhouse

If you continue to have concerns arrange to discuss these with our Associate Principal Mr Bell.

How will the school let me know if they have any concerns about my child's learning, special educational needs or disability?

Your child's tutor or one of her class teachers may initially make contact to speak to you and arrange a further meeting to discuss the concerns.

The member of staff may also talk to you about any issues at a parent/teacher evening or contact you by phone.

The SENCo (Miss Bowes) may contact you and arrange a meeting to discuss your child's difficulties with learning and any possible support strategies the school might be considering.

How will the school consider my views and those of my child with regard to her/his difficulties with learning, special educational needs or disabilities?

At Archbishop Sentamu Academy we believe it is very important for parents/carers to be involved in all areas of their child's learning and we actively encourage discussions. We believe, whenever appropriate, that it is essential to understand your child's views on any difficulties they may experience with their learning.

You will be able to share your views and discuss your child's progress at regular meetings with class teachers, you can also contact their tutor and our SENCo (Miss Bowes).

If your child has an identified Special Educational Need you will be invited to meetings with their class teachers and/or SENCo to discuss current progress, support strategies being used and expected outcomes.

If your child has an Education, Health and Care plan (EHCP) you and your child will be able to share your views at an Annual Review meeting.

How does Archbishop Sentamu Academy ensure the teaching staff are appropriately trained to support my child's special educational needs and/or disability?

At Archbishop Sentamu Academy we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teachers.

We regularly review the school's continuing professional development (CPD) schedule for all teaching and support staff to ensure there is the appropriate expertise to support children with special educational needs.

Teachers attend CPD sessions, as do support staff.

The school is able to access training programmes from different organisations including the Endeavour Training Centre, Northcott ASD Outreach and IPASS. Also, specific, customised individual training can also be arranged when necessary from our Educational psychologist.

How will the curriculum and the school environment be matched to my child's needs?

At Archbishop Sentamu Academy we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teachers.

We carefully plan our curriculum to match the age, ability and needs of all children.

The class teacher will adapt lesson planning and teaching to match your child's special educational needs and/or disability.

It may be appropriate to adopt different strategies or resources and adapt outcomes to meet your child's learning needs.

Additional specialist advice is sought when appropriate and, when necessary, accessibility aids and technology may be used to support your child's learning.

We regularly review our Accessibility Plan to ensure that all children have the fullest access to the curriculum and the school site as possible.

What types of support may be suitable and available for my child?

This really depends upon the nature of your child's needs and difficulties with learning. Our education provision will match the needs of the four broad areas of need as defined in the SEN Code of Practice 2014;

- Communication and interaction this includes speech, language and communication needs (SLCN) and Autism Spectrum Disorder (ASD).
- Cognition and Learning this includes severe learning difficulties (SLD), profound and multiple learning difficulties (PMLD), Specific Learning difficulties (SpLD), including Dyslexia.
- Social, emotional and mental health this includes attention deficit disorder (ADD), attention deficit hyperactivity disorder (ADHD), as well as other issues that are rooted in mental health.
- Sensory and/or physical needs this includes a range of physical difficulties (PD) as well as hearing impairment (HI), visual impairment (VI) and multi-sensory impairment (MSI).
-

At Archbishop Sentamu Academy we have a 3 tiered approach to supporting a child's learning.

Universal/ Differentiation– this is the quality first teaching your child will receive from her/ his class teacher and may include some very minor adaptations to match learning needs.

SEN 1 or Targeted- it may be appropriate to consider making additional short term special educational provision to remove or reduce any obstacles to your child's learning. This takes the form of a graduated four part approach of a) assessing your child's needs, b) planning the most effective and appropriate intervention, c) providing this intervention and d) reviewing the impact on your child's progress towards individual learning outcomes.

SEN 2 / EHC Plan (Education Health Care Plan) or Specialist – it may be necessary to seek specialist advice and regular long-term support from a specialist professional outside the school in order to plan for the best possible learning outcomes for your child. This may include educational psychology, speech and language therapy, occupational therapy or sensory advisory teachers. However, for a very small number of pupils access to these specialists may be through an EHC Plan.

Specific targeted one to one (1:1) or small group interventions may be run outside the classroom, in withdrawal groups. These will be time limited to minimise disruption to the regular curriculum. You will be kept informed of your child's progress towards their specific learning outcomes.

The current interventions provided at Archbishop Sentamu Academy include:

1:1 reading support

Small group withdrawal support (maximum of 5 pupils): English or maths

Withdrawal groups with the HLTA - Higher Level Teaching Assistant (maximum of 5 pupils):
English or maths

Social skills group work (maximum of 6 pupils) to develop greater resilience, confidence and self- efficacy

Speech and Language therapy input

Occupational therapy input.

Transition support

EAL 1:1 and in class support

Support with our Learning Mentors

6th Form progress mentoring after school.

How will you support my child to reach his/her learning ?

The class teachers and other staff working with your child ensure that your child receives appropriate teaching and support in order to reach their goals.

The learning plan, strategies and progress will be reviewed after every data collection to ensure they are having an impact.

External agencies and specialists may also review your child's progress and assist us to adapt our planning accordingly.

What is an Education Health and Care Plan and who can request one for one for my child?

The purpose of an EHC Plan is to make special education provision to meet the special educational needs of a child or young person, to secure improved outcomes for him/her across education, health and social care and, as he/her gets older, prepare for adulthood.

An EHC Plan will contain;

- The views and aspirations of you and your child,
- A full description of his/her special educational needs and any health and social care needs,
- Clear outcomes for your child's progress,
- The specific provision required and how education, health and social care will work together to meet your child's needs and support the achievement of the agreed outcomes

You and/or the school (usually the SENCo Miss Bowes) can request that the Local Authority conduct an assessment of your child's needs. This may lead to an EHC Plan.

How will you help me to support my child's learning?

There may be suggested strategies or activities for you to do at home to support your child's learning.

We sometimes run parent/carer workshops in school to help you understand the strategies used in school. In addition, we may be able to offer you individual training in specific support strategies relevant to your child.

The SENCo (Miss Bowes) may also support you with strategies, resources and ideas for supporting your child's learning at home.

You may have an opportunity to meet with other professionals involved in supporting your child.

How is support allocated to children and how do they move between the different levels of support in school?

Archbishop Sentamu Academy receives funding from the Local Authority. These funds include an allocation of money to support the learning of children with SEN and/or disabilities.

The Principal, in consultation with school governors, decides the budget for SEN provision on the basis of: the needs of the children in the school, the amount of money available in any school year and the amount of money needed to run other aspects of the school's provision.

The Principal and the SENCo discuss the effectiveness of the school's current interventions and provisions and prioritise an action plan, which may include additional or alternative interventions, staff training and equipment needs.

This process is reviewed regularly to ensure the best possible intervention is provided to those children who require additional support to learn.

How will the school know that the support has made a difference to my child's learning and how can I and my child be included in this review process?

Your child's progress will be assessed both in terms of his/her regular learning within the class and with regard to specific intervention programmes.

The impact of the support given is carefully measured to ensure that the learning outcomes have been achieved and if not, what adaptations are necessary. It may be decided that a further period of support would be beneficial for your child.

You and your child will be kept informed and encouraged to be actively involved at all stages of this process.

What support will there be for my child's happiness and well being at Archbishop Sentamu Academy?

At Archbishop Sentamu Academy we believe that the happiness and well being of all our pupils is paramount. All members of staff take this aspect of school life very seriously.

You can be confident that in particular your child's class teachers, the support staff, Learning Mentors and the SENCo are available to provide support to match your child's needs.

You should feel free to contact your child's class teacher if you have any concerns.

How is my child included in all the same activities as his/her peers at school?

Archbishop Sentamu Academy is an inclusive school and committed to providing equal opportunities for all children.

Your child may need to be involved in some slightly different activities to his/her peers to enable him/her to catch up and make faster progress. At all times when we make decisions regarding additional support (such as pupils being withdrawn from class for short, defined time periods), we will exercise sensitivity and avoid any kind of stigmatisation.

School clubs, educational visits and residential trips are available to all children.

Whenever necessary the school will make reasonable adjustments to ensure that children with SEN and/or disabilities are included in all activities.

How will Archbishop Sentamu Academy support my child in transition stages?

We liaise closely with the school your child is transferring from. We are able to discuss with the relevant teachers any individual needs and how best to support your child in school.

Whilst at Archbishop Sentamu Academy we take care to ensure that during any transition points (joining the school, at the end of each year, moving Key Stages) all staff are aware of individual pupils needs, learning progress and best support strategies.

Archbishop Sentamu Academy makes arrangements to ensure there is a smooth transition when your child transfers to us and we have our Transition Co-ordinator who spends time with all of our pupils in their Primary setting. Please contact us for further details.

If your child has an EHC Plan, we arrange to review it in sufficient time prior to him/her moving between key phases of education. You will be kept informed of these arrangements and asked to attend the reviews.

From Year 9 all EHC Plan reviews will have a focus on preparing for adulthood, including employment, independent living and participation in society.

What is a local offer?

The local offer provides information on what services children, young people and their families can expect from a range of local agencies within Hull. This includes education, health and social care.

Knowing what is out there gives you more choice and therefore more control over what support is right for your child.

The local offer provides information on a number of things, including:

- special educational provision;
- health provision;
- social care provision;

- other educational provision;
- training provision;
- travel arrangements for children and young people to schools, colleges and early years education; and
- preparing for adulthood, including housing, employment and leisure opportunities.

Hull's Local Offer can be found at: <http://hull.mylocaloffer.org/s4s/WhereILive/Council?pageld=3018&lockLA=True>

Who can I contact if I have a complaint about the SEN provision made for my child?

Initially speak with SENCo Miss Bowes. Hopefully she will be able to address your concerns.

If you are not satisfied with the response, or still have significant concerns please contact the Mrs Boyton our SLT member in charge of Concerns and Complaints.

If I have any other questions about my child at Archbishop Sentamu Academy, who can I ask?

At our school we are very happy to speak to you about any aspects of your child's education. It is best to speak to one of the following in this order;

Their SLO (Student Liaison Officer)
Their Tutor
Their Head of House
Their class teachers (especially if there is a specific subject issue)
The SENCo
The Assistant Vice Principal
The Associate Principal
